In the field, enter vpn2.yzu.edu.tw

5. 輸入元智 Portal 帳號與密碼

Enter your Yuan Ze Portal account and password

6. 成功連線

Successfully connected

若您個人電腦因為 Windows 更新及自行安裝其他軟體，造成 Global Protect 衝途無法使用，建議重新安裝 Global Protect，如重裝後仍無法使用，則可以採用文章後面方法。

If your personal computer experiences issues with Global Protect after a Windows update or software installation, it is recommended that you reinstall Global Protect. If the issue persists after reinstalling, you can try the methods described later in this article.
