

海洋委員會海洋保育署

114 年國際間海洋污染災害防救技術交流研討會

2025 International Symposium on Marine Pollution Prevention and Response Technologies

海洋委員會海洋保育署將於 114 年 9 月 15 日至 16 日舉辦國際研討會，以海洋污染災害預防、應變技術及經驗分享為主軸，推動海洋污染整備與應變領域的持續強化與深化，以期共同邁向與國際同步的永續應變，衷心期盼您的熱情參與，讓我們攜手守護蔚藍，共築守護海洋的堅實防線。

海洋污染防治是一項全球性議題，需各界通力合作，共同推動相關政策和實務的持續完善，海洋委員會海洋保育署為促進國內外海洋污染防治領域的交流合作，協助參與者掌握國際最新趨勢，並建構永續應變體系，特舉辦「114 年國際間海洋污染災害防救技術交流研討會」，邀請國內外海洋污染防治領域的重要專家和實務代表參與，透過多元主題的探討和實務經驗分享，協助與會者掌握國際最新趨勢。

敬邀長年守護海洋的您，持續與我們關注海洋污染防治的最新動態，為守護海洋環境貢獻力量。

The Ocean Conservation Administration (OCA) of the Ocean Affairs Council is pleased to announce that the International Symposium on Marine Pollution Prevention and Response Technologies will be held on September 15–16, 2025. This symposium will focus on practical strategies and global perspectives in the fields of marine pollution prevention, response system development, and hands-on operational practices. It aims to strengthen and advance our national capabilities in marine pollution preparedness and emergency response, ultimately working toward resilient and globally aligned marine disaster response goals. We sincerely look forward to your participation. Let us work together to protect our blue planet and build a robust line of defense for our oceans.

Marine pollution prevention is a global issue that requires concerted efforts and collaboration across all disciplines to promote the continuous improvement of related policies and practices. To foster international and Taiwan exchange and cooperation in

the field of marine pollution prevention, and to help participants stay informed about the latest global developments while building a sustainable response system, the Ocean Conservation Administration, Ocean Affairs Council is organizing the 2025 International Symposium on Marine Pollution Prevention and Response Technologies. This symposium will bring together distinguished experts and experienced professionals from Taiwan and abroad to share insights and experiences. Through discussions on diverse topics and practical case studies, the symposium aims to support participants in gaining a deeper understanding of the latest international trends in marine pollution prevention and response.

We sincerely invite you, a long-time guardian of our oceans, to stay engaged with the latest developments in marine pollution prevention and join us in contributing to the protection of our marine environment.

壹、活動日期 Dates
