Yuan Ze University Industry-University Collaboration Process

In response to the commission or tendering of private and governmental organizations, this is divided into "research programs" and "educational promotion."

- 1. Teachers contact the authorizing units themselves or apply for undertaking after bidding according to tender regulations (for participating in external bidding, please refer to the tender examples)
- 2. The authorizing unit contacts the relevant units or teachers of this school. These units or teachers apply for the undertaking.

For relevant regulations please refer to Yuan Ze University Industry-University Collaboration Program Implementation Measures
